

EDITORIAL COMMENT.

An Evansville woman sold her family Bible, 175 years old, for \$220.

Laurel county let her vote stand and the McCreary crowd wish now they had done the same.

A decree has been issued dissolving the Greek chamber of deputies and ordering elections for Dec. 19.

In sending Judge Fryer to McCracken county, Gov. McCreary evidently thought the fat was in the fire.

Fitting ceremonies are now being arranged for the reception in Paducah November 20 of America's most famous and loved historical relic, the Liberty Bell that was rung July 4, 1776, when the Declaration of Independence was signed.

Tom Cromwell's statement that 40,000 Democrats who went into the primary did not vote for Stanley has been disproved by later returns. There was a total of 203,225 in the primary, while Stanley's vote will run more than 10,000 higher.

Emperor William has stopped the slaughter of three women in Belgium, mentioned in connection with the execution of Miss Edith Cavell. He has commuted to penal servitude for life the death sentences of the Countess Johanna de Belleville, Mlle. Louis Tuhler, a school teacher, and Louise Severin, a chemist.

Judge Jones at Mumfordsville, Judge Birkhead at Owensboro and Judge Fryer at Paducah, all Democratic judges, have decided contests on their merits and according to the law, giving votes in each case to Morrow. Stanley's meagre majority of 269 is without a blot upon it and has stood the test of law. Now let's see what that Republican judge in McCreary county will do with his padded returns.

With 114 counties official and using the Stanley-Morrow figures in the other six—Davies, McCracken, Wayne, Garrard, Lincoln and Martin—Hamlett is defeated by 117 votes. The missing counties will increase Lewis' majority. In Wayne, Stanley's majority was 462 and Hamlett's 375 and in Garrard Stanley's 58 and Hamlett's 23. Hamlett lost some in other counties, while the padded votes in McCreary county did not affect his race. Lewis' majority may exceed Stanley's as Hamlett ran 400 or 500 behind Stanley.

WHITE STAR H. & F. CLUB

Will Spend Two Weeks in Camp
on Green River Near
Sebree.

J. T. Stephens, Amos Haydon, Clifton Parker, Guy Wolfe, Ernest Coleman, Lawrence Baker, V. M. Williamson and Vego Barnes, members of the White Star Hunting and Fishing club, left this morning at 5:25 o'clock for the Green river bottoms, two miles east of Sebree, for their annual fall hunt. Several other members of the club will join them Monday and others will go over later in the week. A complete camping outfit, including several tents, cooking and heating stoves, cots, bedding, etc., were taken along, also provisions for two weeks. A large number of dogs were carried by the party, and a string band was also taken along to furnish music when the sportsmen are in camp.

Game of all kinds is said to be very plentiful in the section adjacent to the camping grounds, and fishing in Green river is reported fine at this season of the year.

The party left the train at Sebree and were taken over to the river in wagons.

The newest office building feature is a garage for the accommodation of tenants.

NOV. 30 LIMIT VOLUNTEERS

Unmarried Britons Who Do Not
Offer Themselves by Then
May Be Drafted.

LORD DERBY GIVES NOTICE

Little Change Shown in Serbian
Situation or on The
Western Front.

London, Nov. 12.—A strong intimation of compulsion at an early date is contained in a statement by the Earl of Derby, director of recruiting. This statement is made, Lord Derby declares, with the authority of prime minister. It says:

"If young men medically fit and not indispensable in any business of the community, do not come forward voluntarily before Nov. 30, the government will, after that date, take the necessary steps to redeem the pledge made on Nov. 2."

There has been no material change in the last twenty-four hours in the situation in Serbia or other fronts. The Austro-Germans seem to be advancing along the line west of Nish but beyond the report of the capture of another 4,000 prisoners which the Serbians say, like those reported captured previously, were largely civilians or Albanian or Macedonian troops, who surrender easily, the official reports of the invaders do not report the capture of any towns.

In fact the Serbians are now facing the invaders in the mountains which have proved a protection to them in their previous wars and they may be expected to make the advance of the Austro-Germans and Bulgarians a matter of some difficulty. It is also probable that the opposition the Austrians are meeting in their efforts to drive back the Montenegrins is delaying Field Marshal von Mackensen's army, for their right wing must be free from this menace before they proceed with their drive.

With the arrival of Field Marshal Earl Kitchener, who should soon be on the scene, a further development in the campaign is expected, and it is possible that the Gallipoli army will become more active.

So long as the Serbian army remains intact, which it has done thus far, it is the feeling of military men here that there is a good chance to turn the tables on the Germans and their allies. The Teutons, the military observers say, can hardly send further reinforcements for the Near Eastern adventure, their line against Russia already having grown thin, as is evidenced by the Russian successes, both in the north and the south.

The Germans admit that they withdrew troops from ground west of Riga, which they gained only a few weeks ago at considerably sacrifice, and that the Russian fleet in the gulf of Riga, is supporting the Russian army. By their recent gains, the Russians have established a connection between their forces on the gulf of Riga by way of Kemmern and Lake Babit to Olai, which is half way between Riga and Mitau.

As the result of the activity of the hostile submarines, freight rates between Cardiff and the Mediterranean continue to advance. French records were made yesterday when a rate of 50 shillings was quoted for Port Said.

TYPHOID PNEUMONIA

Caused Death in Tennessee of
a Sister of Mr. M. N.
Smotherman.

Mr. M. N. Smotherman returned Thursday night from Christiana, Tenn., where he attended the funeral and burial of his sister, Mrs. G. L. Finger, who died Wednesday of typhoid pneumonia. When the condition of his sister became alarming Mr. Smotherman was informed by a message Monday and he left at once for her bedside, arriving a day before the end came.

QUAIL SEASON BEGINS MONDAY

Local Hunters are Equipping
Themselves With Licenses
and Material.

MANY FARMS ARE POSTED

There Seems To Be Tendency
To Shield Game Birds In
This County.

Quail shooting season will be in full swing next Monday and the local hunters are equipping themselves with the necessary license, dispensed by County Clerk Harris. Yesterday was a busy day, one of the deputies being engaged almost constantly in issuing the little slips entitling the holders to shooting in the county.

Up to and including Tuesday, Clerk Harris had sold 350 licenses since the first of the year. Before next Monday it is probable that a good many more will be issued. As a severe penalty is provided by the law for one not having a license, the disposition is to advance the \$1 charged for it and thus insure safety first.

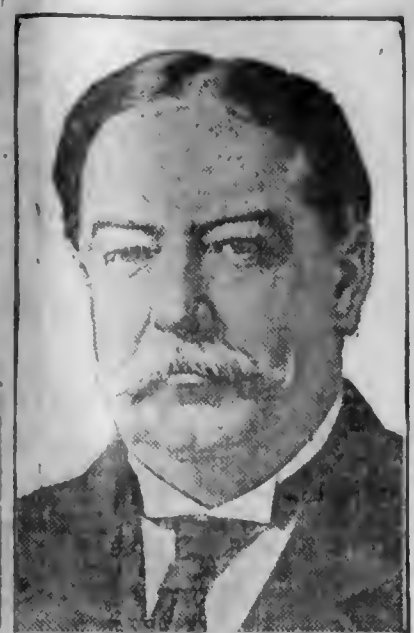

Many farmers in the county have posted their lands, and the number is growing larger. The scarcity of game birds has been a serious drawback to the land owners, and the tendency now is to shield them from extinction. It is almost impossible for a city hunter to find hunting ground in the county now without a special invitation from some land owner.

PRESIDENT WILSON

Names Former President Wm.
H. Taft Head of American
Red Cross.

HONORS HIS PREDECESSOR

Former President Will Succeed
Major General George W.
Davis Who Has Retired.

William H. Taft.

Washington, Nov. 12.—President Wilson late today appointed former President William Howard Taft chairman of the central committee of the American Red Cross, to succeed Major General George W. Davis, retired.

CULPEPPER-ROBINSON MEETING.

REV. BURKE CULPEPPER.

The great Culpepper-Robinson meeting begins on Wednesday next.

"Burke" Culpepper is in a class all by himself—a most unique and marvelous evangelist, and a real master of assemblies. He comes into a city like a catapult, and the atmosphere of the community is at once changed, and everybody knows that there is something doing. He sizes up his crowd at once, and seems to read the lives of the people in their faces, and from the way they walk and drive, and the houses they live in, and he tells it all to them. Nobody escapes, and the folks don't escape who stay away, for he divides to them their portion. He calls no names, but he calls in numbers, and whether they hear or not the fact gets out that their numbers have been called at the meeting. He seems to know things about folks by intuition, and woe to the church members who are living a double life, or who profess to be followers of Christ, and who serve self and sin; the world and the devil!

He is not a sensationalist, but he produces an immense sensation wherever he goes to hold a meeting. Whatever is crooked going on in civic, social or church life he finds it out and tells the public about it. And the first thing he does is to make half the community mad, and many swear they will never hear that man preach again, but the very next service they are right back at the meeting and trying to get front seats, and in less than three days they are straightening up their lives, and are completely won to "Burke" Culpepper's message and to his Lord. Prof. John U. Robinson is the choir director of the great chorus choir that he will organize, and he wants the help of all the church choirs in the city, and all the singing people, and he would like for all who will join the chorus choir to meet him Wednesday at 6 p. m.

Austin D. Hicks, of Louisville, was here Thursday, en route to Crofton for a visit to his brother.

IN ROBE OF POINT LACE

A Christian County Girl At-
tends The Coronation of
The Japanese Emperor.

ONE OF FEW FOREIGNERS

Mrs. Post Wheeler, Formerly
Miss Hallie Rives, One of
Six Ladies Present.

Tokio, Nov. 12.—Yoshihito was confirmed or consecrated emperor of Japan in Kioto, the ancient capital, Wednesday.

Post Wheeler, first Secretary of the American Embassy, who is studying the mythology of Japan, spoke of the immobility and silence of the people until Premier Okuma called "banzai," when the onlooking throng took the cry and acclaimed the monarch.

One of the distinctive features of the coronation functions were the beautiful gowns of the foreign ladies who predominated owing to the absence of the Empress and her suite.

Only the wives of the chiefs of mission and suite, which comprised first secretaries and military and naval attaches, were privileged to attend the actual ceremonies.

The foreign ladies present numbered eighteen and included six Americans. These were Mrs. Geo. W. Guthrie, of Pittsburg, the wife of the American Ambassador; Mrs. Post Wheeler, wife of the first secretary of the American Embassy; Mrs. James A. Irons, the wife of Col. Irons, the American military attaché; Mrs. Frederick J. Horne, of New York, wife of the naval attaché; Mrs. Pimentel, the wife of the Brazilian Charge d'Affaires, and Madame de Warzee d'Hermalle, the wife of the councillor of the Belgian legation.

Mrs. Wheeler before her marriage was Miss Hallie Ermine Rives, of Christian county, Kentucky. Mrs. Pimentel was Miss Follmar, of Washington, and Madame de Warzee is a former New York girl, Miss Dorothy Davis.

Mrs. Post Wheeler's court robe was of rose point lace over cream tulle. Her court train was an exceedingly beautiful one, the design being in golden rice, especially appropriate in a country where rice is the favorite gift-offering to the gods. The train was lined with cloth of gold. Mrs. Wheeler has beautiful hair of copper-gold, and her coiffure was further enhanced by the Prince of Wales court plumes and the long white veil of white tulle. A charming evening gown to be worn at one of the coronation feasts is of white tulle embroidered in silver roses. The girdle is of cloth of silver and the train of lace. With this she wears a necklace of pearls. Another evening gown is of emerald green satin veiled in gold brocade and nixon. The sleeves and corsage are of black Chantilly lace.

ASSAULT OF WOMAN CREATES SENSATION

Crime in Louisville—Police on
Lookout For Accused
White Man.

Louisville, Ky., Nov. 12.—While alone in her room, Mrs. Jeanette Hepp, 20, a bride of four months, was criminally assaulted by an unknown white man, who represented himself to be a salesman of furniture polish. The young woman is the wife of a paperhanger. She was preparing her husband's lunch when the stranger appeared. She says the man attacked her almost as soon as he entered the house and learned that she was alone. When she attempted to scream for help, she says, her assailant choked her into unconsciousness. Some time after the man left the house she recovered sufficiently to make her way to a neighbor's house and the police were notified.

ELECTION OF A. O. STANLEY IS CONCEDED

Republican Candidate, Edwin
P. Morrow, Issues a
Statement.

DECLINES TO CONTEST VOTE

Thanks His Friends for Their
Kindness—Says Kentucky to
Have New Election Laws.

Louisville, Ky., Nov. 12.—Edwin P. Morrow, republican, of Somerset, Ky., has conceded for the first time since the election on November 2, his defeat for the governorship at the hands of former Congressman A. O. Stanley of Henderson.

Mr. Morrow says:

"The people of Kentucky: After 8 days of doubt, the closest election the state has ever known is at an end. The official count now discloses Mr. Stanley's election by a small plurality, and however by what methods obtained, I shall accept it as final.

To plunge the state into a contest before the legislature would retard its progress, stop its development and create strife and bitterness. The welfare of Kentucky, its people and its material prosperity is above the ambition of any man or the success of any party. Although defeated, I feel that out of my campaign has, and will, come only good for my state. I believe I have awakened the conscience of Kentucky to extravagance and inefficiency in the conduct of the public business, to the desperate condition of the public treasury, and above all, to the truth that broken promises to the people bring only evil consequences.

"The next year will see enacted an anti-lobby law to destroy the 'shack that graft built,' a corrupt practice act to protect the ballot and the public office, a scientific and equitable tax law, and in all the departments of state, there will be an awakening and a guard placed over the expenditure of the people's money. Believing I will have been instrumental in procuring these results, I feel that I have not labored in vain.

"I thank the people of Kentucky, without regard to party, for their personal kindness to me throughout the campaign and for their confidence in me as expressed at the polls. To those who fought and labored for me, my gratitude is above all words. With all my power, I shall continue the battle for the good of Kentucky and the welfare of her people. EDWIN P. MORROW

NEGRO BOYS

Caught With a Sack of Stolen
Fowls Before Day.

Lewis Boales and Clifton Shaw, two negro boys 17 and 15 years old, were caught with a sack of 9 stolen chickens still alive Thursday morning at 3 o'clock, by officers Hayden and Witherspoon. Six of the fowls belonged to Rev. McClure, col., and three to W. A. Stewart. They pleaded guilty and are in jail. Thieves have been stealing fowls almost every night recently.

CHRISTIAN COUNTY PRISONERS PAROLED

Among the prisoners paroled during the past week by the State Board of Prison Commissioners and approved by Gov. McCreary were two from Christian. They are William Ellis, breaking into railroad car, ten to ten years; and H. T. Underwood, embezzlement, one to ten years.

Mrs. Johnson at Hospital

Mrs. Cave Johnson, who has been ill for two weeks, is now under treatment at the Jennie Stuart Hospital. Her condition is still quite serious.

SATURDAY, NOVEMBER 13

This year is the centenary of the invention of trousers, first worn by a London tailor.

The Fair at San Francisco will close December 4. It has been a great financial success, furnishing a place for the European travelers to go, who were kept at home this year.

Mayor Tom Hazelp, who has gotten about all of the official prominence that Paducah can give him, is confiding to his friends that he will be a Republican candidate for Governor in 1919. Tom must have improved some since he lived here.

Admiral Tseng Ju Cheng, governor of the Shanghai district, was assassinated Wednesday. His secretary, who was with him at the time, was seriously wounded. Tseng Ju Cheng, who was a member of the Monarchist party, with his private secretary was motoring to the Japanese consulate to attend the coronation reception.

President Wilson and Mrs. Edith Bolling Galt will be married immediately after Congress adjourns for the Christmas holidays. The honeymoon will be spent on the United States ship Mayflower and probably to Florida waters. It is going to be hard to distinguish between their Christmas gifts and wedding presents.

Mrs. John Holland, residing near Jenkins, Ky., proved herself a heroine when her two small children were about to be cremated in their burning home. She rushed in amid the flames and rescued them, but was herself severely burned about the hands and face. The house was destroyed with all its contents and the family is homeless.

The sinking, by either an Austrian or a German submarine, of the Italian steamer "Ancona" with a number of Americans aboard and with the probability that 20 or more of them lost their lives, may precipitate another crisis between the United States and the Teutonic empires. Indications are that the sinking of this ship was a continuation of those tactics against which the United States protested to Germany and which Germany agreed to abandon.

When Stanley made his first race for Congress in 1902, there was a very close finish between him and John B. Brasher, of Hopkins, with E. P. Taylor, of Daviess, not far behind. Brasher claimed the victory until the last county was in and it was seen that Stanley was nominated by a margin as narrow as he is elected by this time. There was talk of contest, but in the end he was elected and held the place as long as he wanted it. This time Stanley will go into office and make such a popular governor that the Democrats who tried to beat him by voting for Morrow will soon be ashamed of themselves, if they are not already in that frame of mind.

The Hon. Augustus Owsley Stanley, governor-elect of Kentucky, has been chosen by the Nashville lodge of Elks to deliver the memorial address at the Lodge of Sorrow service to be held on December 5. Had the local committee searched the entire country over it could have found no more eloquent man as principal speaker at the beautiful service held each year in commemoration of the brothers who have ceased from their labors and whose works do follow them. The coming of Mr. Stanley will be a matter of interest not only to the Elks, but to the people of Nashville generally, and his audience is likely to be the largest that has ever attended a Lodge of Sorrow service in Nashville, Tennessee.

EXAMINE EYES FOR
TRACHOMA, NOT LOVEFormer I. U. Instructor and
Purdue Man in Eugenics
Wedding.

Chicago, Ill., Nov. 10.—On a farm near Delavan, Wis., two devotees of the new marriage theory will raise prize pumpkins, chickens of pedigree and eugenic babies.

Miss Virginia Hinkins, a graduate of the University of Chicago was wedded Friday to Edgar Buzzell, graduate of Brown university and of Purdue in agriculture. The bride, at the conclusion of the ceremony, asked Rev. Alexander Allison to announce to the large bridal gathering that both contracting parties had presented certificates of perfect health signed by reputable physicians.

Miss Hinkins, in choosing a eugenic mate, was merely carrying out the theory she taught when secretary of the Y. W. C. A. at Indiana university.

She instructed the girls when "they looked into his eyes," to examine for the signs of trachoma, rather than for yearning, burning, soulful fires, which raze in the erotic litany of love. His heart, to beat true, must pump seventy-two to the minute and his sighs should rest under suspicion as indicating a liverish and morbid disposition.

Mr. Buzzell is nearly six feet tall, strongly built, hard headed, Mrs. Buzzell is five feet eight, a "thirty-six" and sound in mind and limb.

"I wanted a husband who was alive all over and sound," she said, "and he wanted the same kind of wife. That's the reason we were attracted to each other."

"Bob" White.

(November Outing.)

"Bob" White has received complete protection in twelve States, in many other instances the season is a short one. The States protecting him are New York, Ohio, Michigan, Wisconsin, Idaho and Oregon. Perhaps his defenseless condition in the other States should be regarded as a tribute to his powers of passive resistance. His chief enemies after all are not human beings. Polecats, weasels, cats, foxes, minks and common cats account for a large number of young birds and a still greater number of eggs. Coons are especially fond of the latter, and Mr. White has need of all his cunning and powers of endurance if his little brood is to be brought to maturity.

Find Roosts in Chimneys.

Swallows, after a day spent in skimming the air and catching insects, will seek a roosting place at night. The chimney swift soars about until after sunset and then suddenly darts into some chimney. These birds have very sharp-pointed claws and cling on the sides of the sooty flues.

India's Wealth Increasing.

For several years India has steadily increased its production of coal, iron and copper.

Terrible Picture of Suffering.

Clinton, Ky.—Mrs. M. C. McEroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. Three of the best doctors in the state said I was in a critical condition, and going down hill. I lost hope. After using Cardui a week, I began to improve. Now I feel better than for six years." Fifty years of success, in actual practice, is positive proof that Cardui can always be relied on, for relieving female weakness and disease. Why not test it for yourself? Sold by all druggists.—Advertisement.

PHYSICAL
IMPAIRMENTNational Tuberculosis Association
Presents Figures For
Examination.

In a plea for every man and woman in the United States of adult age to join in a movement for annual or other periodic medical examination of themselves, which will be launched on December 8, The National Association for the Study and Prevention of Tuberculosis presents figures in a Bulletin issued recently which show that practically 100 per cent of the supposedly well people of the United States over 30 years of age have some physical defect or impairment. About 70 per cent of these impairments were of a more or less serious nature. There were besides about 30 per cent of defects of a minor character.

The figures which the National Association presents are based upon the careful studies recently made by the Life Extension Institute among two highly specialized groups of people, the first group consisting of workers in a Motor Company of Detroit, and the second group consisting of employees of commercial houses, banks and trust companies in New York. The records of these examinations show that practically none of those examined, men and women, are normal in the strict sense of the word. Another striking fact in the examination is that only ten per cent of those who were impaired were aware that there was anything the matter with them. This fact alone, the National Tuberculosis Association points out is sufficient to make every man and woman in the United States give careful consideration to the necessity for at least one physical inventory of his entire body a year.

The largest group of more or less serious impairment discovered were those showing sugar, albumen or casts in the urine. More than 45 per cent of the above-mentioned groups showed defects of this nature. In the same group about 23 per cent showed abnormal blood pressure, while nearly 27 per cent showed combined disturbances of circulation and kidneys. Organic heart disease, thickened arterioles, lung trouble leading to possible tuberculosis, nervous affections, digestive troubles and venereal disease were among the other impairments discovered, practically all of which had escaped the notice of the individuals examined.

During Tuberculosis Week which will be celebrated throughout the United States from December 6 to December 12, a national medical examination day will be observed on December 8. Groups and individuals will be urged to make arrangements for physical examination on that day. A circular describing in detail how the advantages of medical examination day may be obtained and indicating certain physical impairments which everyone should look for will be sent on request from the office of The National Association for the Study and Prevention of Tuberculosis, 105 East 22nd Street, New York City.

To Clean Irons.

Saturate a cloth with water, wring it partially dry, and rub some soap well into it. Rub the cloth well over the iron, and you will find that it will remove any roughness or marks that might have been there.

NEARLY 2,000 WOMEN IN SERBIAN ARMY

Fight Side by Side With Their Husbands and Brothers.

London—"There were nearly 2,000 women in Serbia's army when I left and more women soldiers were being organized," said Dr. Grulich, a Serbian army doctor now in London. "The women are not in special battalions. Some of them wear the complete uniform of a soldier for the sake of comfort, while others wear skirts with a blue tunic. The younger women go with their brothers or their husbands. The women are of every class of the population and we cannot prevent them from serving. They inspire men, with whom they march side by side, and with whom they eat and sleep shoulder to shoulder in the trenches."

"These women are not afraid," he said. "Nobody in Serbia is afraid and the women in the ranks do not lose their nerve under fire. We realize the great power of our friends in the war. Every soldier feels that we are only a part of a world army and if it is necessary that our army shall be lost—well, it is only a part. There is yet time to save Serbia but aid cannot come too quickly."

Unusual Offer To Our Readers

For a limited time, and subject to withdrawal after 30 days, the well known publishing house of the J. B. Lippincott Company, Philadelphia, founded in 1792, offers to the readers of this paper a 12 months' subscription to "Lippincott's Magazine" and a year's subscription to the *Kentuckian*, both for \$3.00. This is the price of a twelve months' subscription to "Lippincott's" alone. Additional to obtaining every issue of this paper for a year, our readers will receive in "Lippincott's," 12 great complete novels by popular authors, 105 short stories, crisp, entertaining, original 45 timely articles from the pens of masters, and each month some excellent poems with the right sentiment, and "Walnuts and Wine," the most popular humor section in America. To obtain this extraordinary offer prompt action is necessary. Remit to J. B. Lippincott Company, Washington Square, Phila., Pa.

Will pay highest market price for ear corn. Want 50,000 bushels.

STAKE AND PRUNE TOMATOES

Habit of Plant May Be So Altered That Patch Is Scarcely Recogniz- able—Moulding Is Saved.

Are you staking and pruning the tomatoes this year? This is a great scheme, and if you have not tried it, do so on a demonstration scale just for variety's sake.

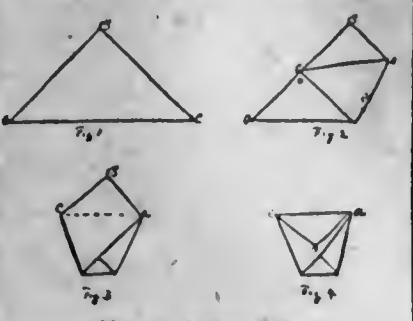

The tomato plant, in its frantic efforts to reproduce its kind, makes naturally an enormous vine growth with innumerable branches. The result is great green growth, a large litter of little tomatoes, and more shade than is good for best fruit development. Stake a tomato plant and prune it to a single stem, and you change all this; you alter the habit of the plant, so that the tomato patch is scarcely recognizable.

In the first place there are few leaves, only one above each fruit bunch, and this grows so huge that it is never known for a tomato leaf. Then the sun and light reaches every part of the plant and fruit, and the latter hang in clusters and attain larger size than under natural conditions. There are no little tomatoes. There is a considerable economy in space, as the tomato plants stand up straight and slender, and are mostly fruit, and none of the tomatoes have a chance to rot or mildew. Pruning is a quite a job. As a sufficiency of moisture in the soil is what largely controls the fruit yield, the pruning method, by which a much less amount of soil water is consumed than through the more luxuriant green growth of unpruned plants, will be found a great advantage in this respect.

PAPER POT FOR VEGETABLES

Handy for Keeping Different Varieties of Seeds and Plants—Roots of Plant Undisturbed.

Very convenient little pots for vegetable plants may be made from paper four sacks or any tough paper. Cut a piece eight inches square and fold through the middle diagonally. (Fig. 1). Fold in right hand corner over to left hand edge, like an envelope. (Fig. 2). Then fold the left hand point over in a corresponding manner. (Fig. 3). Separate the

Handy Paper Pots.

points and fold back to make a straight line. (Fig. 4). It now opens in a small box. These may be filled with rich soil and placed side by side, thus keeping different varieties of seeds or plants separate. This also saves buying pots, for when transplanted the paper can be torn off and the roots of the plant remain undisturbed.

Did It.
An old countryman, being congratulated by the rector on the fact that not only son had enlisted, said: "Well, sir; after all, it was only to be expected, for, sure, the old proverb says: 'Train up a child and away he goes!'"

Daily Thought.
Nothing is rarer in the world than a person who is at all times endurable to us.—Leopardi.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

There never has been a time when a newspaper was more needed in the household. The great war in Europe has now entered its second year, with no promise of an end for a long time. These are world-shaking events, in which the United States, willing or unwilling, has been compelled to take a part. No intelligent person can ignore such issues.

The Presidential contest also will soon be at hand. Already candidates for the nomination are in the field, and the campaign, owing to the extraordinary character of the times, will be of supreme interest. No other newspaper will inform you with the promptness and cheapness of the Thrice-A-Week edition of the New York World.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Hopkinsville *Kentuckian* together one year for \$2.65. The regular subscription price of the two papers is \$3.00.

MAKE FOR BETTER DAIRYING

Test Product of Each Cow—Keep Posted and in Touch With Modern Ways of Managing Herd.

(By GEORGE C. HUMPHREYS, Wisconsin Experiment Station.)

1. Treat cows gently and avoid excitement.
2. Be regular in time of milking.
3. Keep stables clean, well lighted and ventilated.
4. Weigh the milk of each cow at milking time.
5. Get your neighbor to share with

An Excellent Milker.

you in owning a Babcock milk tester, and test the product of each cow.

6. Discard the animals which have failed at the end of the year to pay for their keep.

7. Breed your cows to a pure-bred registered dairy bull from a family having large and profitable production of butterfat.

8. Raise well the heifer calves from cows which for one or more generations have made large and profitable productions of butterfat.

9. Breed heifers to drop their first calves at twenty-four to thirty months of age. Give cows six to eight weeks' rest between lactation periods.

10. Join a dairy cattle breeders' association. It will help you keep posted and in touch with the best and most modern ways of managing your dairy herd.

Primitive Plow.

The most primitive of plows was shaped from the trunks, limbs or roots of trees. Such were in use close to the time of the Christian era. The Old Testament mentions plows of iron or bronze, but except in western Europe and America little progress has been made in the improving of the implement since the time of Herodotus. The first recorded form of plow is found on the monuments of Egypt, where it consists simply of a wooden wedge tipped with iron and fastened to a handle projecting backward and a beam, pulled by men or oxen, and projecting forward.

Got Light From Butter.
Egyptians in the third century used to burn butter in their lamps instead of oil.

A device to be attached to a comb has been invented to permit men to cut their own hair.

WAR! What Is It All About?

HAS the whole world gone stark mad over a very foolish and trivial question? Are swords rattling, cannon rumbling, mailed armour glistering just because Russia wanted to show her love for the little brother—Serbia?

Tear aside the curtain of Europe's politics and see the grim and sinister game of chess that is being played. See upon what a slim, yet desperate, excuse the sacred lives of millions may be sacrificed. Read the history of the past one hundred years, as written by one of the greatest authorities the world has ever known, and learn the naked, shameful truth. Just to get you started as a Review of Reviews subscriber, we make you this extraordinary offer. We will give to you

FREE!

Duruy's History of the World
Four splendid cloth volumes, full of portraits, sketches, maps, diagrams

Today is the climax of a hundred years of preparation. Read in this timely, authoritative, complete, AND THE ONLY CONDENSED classic world history—of which over 2,000,000 copies have been sold in France alone—just what has taken place in the inner councils of Europe during the past one hundred years. Read in these entrancing pages how Russia has for years craftily been trying to escape from her darkness—to get a year-round open port, with its economic freedom. Read how Germany and Austria, fearful of the monster's latent strength, have been trying to checkmate her and how they have pinned all in this last, supreme stake.

The Lesson of the Past

THIS master of the pen shows you the glory that was Greece's and the grandeur that was Rome's. He guides you through the Middle Ages, the picturesque old days of feudalism and the crusades; through the Renaissance up to contemporary history, which Prof. Groenewegen completes in brilliant manner. To the story of the past he adds the secrets of today. And you will understand them better when you get the Review of Reviews for a year—for the Review of Reviews will give you a sane interpretation of the meaning and the "reason why" of events. In your mind you must bring order out of chaos—and the Review of Reviews will do it for you.

Get the REVIEW of REVIEWS for a Year

Send No Money
Send the coupon only. It brings the whole set—four volumes—charges prepaid—absolutely free. All we ask is that—after you get the books and like them—you send 25 cents for shipping and \$1.00 a month for three months to pay for the Review of Reviews. If the books aren't worth more than you pay for books and magazine together, send them back at our expense. But be prompt. The world-wide fame of Duruy will make three 5,000 new subscribers from our stock town's stock. Send your coupon today—and be in time.

Review of Reviews Co., 30 Irving Pl., N.Y.

3 IN ONE OILS, CLEANS POLISHES, PREVENTS RUST

3-in-One is a light, pure oil compound that never gums. 3-in-One lubricates perfectly sewing machines, typewriters, bicycles, locks, clocks, guns, lawnmowers—everything that ever needs oiling in your home or office. No grease. No acid. A little 3-in-One on a soft cloth cleans and polishes perfectly all veneered or varnished furniture and woodwork. Sprinkled on a yard of black cheesecloth it makes an ideal Dustless Dusting Cloth. 3-in-One absolutely prevents rust on gun barrels, radio fixtures, bath room fixtures, gas ranges, everything metal, indoors or out, in any climate. It sinks into the unseen metal pores and forms a protecting "overcoat" which stays on. **Free—3-in-One—Free.** Write today for generous free bottle and the 3-in-One Dictionary of hundreds of uses. 3-in-One is sold in all good stores in 3-size bottles: 10c (1 oz.), 25c (3 oz.), 50c (8 oz., 1/2 pint). Also in new patented Handy Oil Can, 25c (3 3/4 oz.). **3-IN-ONE OIL COMPANY**

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long days of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak.

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N. Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N. Y.

The Change of Life.

BELTSVILLE, Md.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the Change of Life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MEETS TODAY.

The Christian County Chapter U. D. C. will meet at Carnegie Library today at 2:30 o'clock. The new Pres-

ident, Mrs. P. E. West, will preside. Several items of importance will be up for discussion. A full attendance is urged. The meeting will last just one hour and will be of interest to every Daughter of the Confederacy.

BIG ANNUAL MEETING

Will Be Held In This City
November 26
and 27.

The annual meeting of the Second and Third congressional district teachers' association will be held in this city on November 26 and 27, and already elaborate arrangements are being made for the event. Prof. L. E. Foster, superintendent of Christian county schools, is president of the association; Prof. B. F. Brown, of Pembroke, is secretary; A. C. Burton, of Bowling Green, is treasurer, and Prof. J. W. Marlon, superintendent of Hopkinsville schools, is vice-president. These gentlemen, and especially those located in the city and county, are hard at work outlining plans and making definite preparations for the several hundred visitors who are expected to be here. They purpose to make the meeting the most interesting and enjoyable that has yet been held by this, one of the liveliest educational bodies in the state.

The welcome address will be delivered by Judge J. T. Hanbery, of this city, and G. W. Curry, superintendent of Morganfield schools, will respond. Following this there will be a most attractive program, on which will be such notables as Miss Emma Hunt, of the state tuberculosis commission; Dr. W. A. Ganfield, of Danville, Ky.; Dr. E. C. McDougle, of Richmond; Prof. McHenry Rhodes, of Frankfort; Mr. C. A. McMurray, of Peabody College, of Nashville; Prof. J. S. Dickey, of Bowling Green; Joseph Severance, of the state tuberculosis commission; Prof. C. W. Henry, of Maryville, Tenn.; Prof. T. W. Vinson, of Louisville; Prof. T. J. Coates, of Frankfort, and others.

The meetings will be held at the McLean school, the \$40,000 building recently occupied by the city. Friday night there will be a sumptuous banquet served in the Company Dining room, and at which covers will be laid for several hundred people, at which there will be a number of after-dinner speeches.

Old newspapers for sale here.

CAN YOU AFFORD TO BE WITHOUT A SPREADER?

This is the question we ask. Do you know the value of the fertilizer made on your farm each year? Did you know that by spreading your manure with a NEW IDEA Spreader you can double its value. Spread by hand or with other make spreaders it is half wasted by not being pulverized and by being placed in bunches. If your manure is worth \$125.00 spread without a spreader it will be worth \$250.00 if spread with the NEW IDEA.

There are a good many features on the New Idea, not found elsewhere. A few of the important ones are:

WIDE SPREADING—Two cylinders pulverize the manure and drop it on a rotating distributor, which spreads it 6 ft. wide.

LARGE CAPACITY—A load 32 inches high can be handled easily.

DIRECT CHAIN DRIVE—The New Idea does not need any gear wheels or gear transmissions. A heavy sprocket chain operates it, and does it at a saving of power. With proper oiling this chain will last a life time.

PERFECT AXLE FEED—No hammer and anvil type, or worm or gear drive. Changed instantly to any desired amount per acre by shifting lever.

Steel Reach, Steel Sills, Strong Conveyor Chain, no Slats to Warp, Wheels Track, Easy Draft and other minor details that make the New Idea what we claim for it. The BEST SPREADER ON WHEELS.

We have just unloaded a car of these Spreaders and have one set up for your approval. Come in and look it over or telephone us to bring it out to your farm and let you try it. If you don't like it we will bring it back without cost to you.

\$8.00 Set of Granite and Copper Ware FREE!
WITH EVERY MAJESTIC RANGE SOLD

Great Majestic Ranges

CHILDREN'S

NOVEMBER 15TH TO 20TH--ONE WEEK

SAVE \$8.00

100 **FREE**

A charming story for boys and girls of the adventures of the wee **QUILLIVERS** in **BIG FOLKS' LAND**—a story that will hold any child's interest to the very end, and teach a lesson of life-long value.

The first 100 boys and girls who present to the **MAJESTIC RANGE SALESMAN**, at our store, between 3 and 5 p. m., **TUESDAY**, written answers to the following questions, will receive this fascinating story book **FREE**.

- 1—What range is your mother now using?
- 2—Give names of anyone you know needing a new range.
- 3—The Majestic Range has many points of superiority—which does your mother consider best?
- 4—What is your age?
- 5—When is your birthday?

\$1.00 ARTICLE FREE.

The boy or girl giving the neatest and best answer to the third question may select any **\$1.00** article from our stock **IN ADDITION TO THE SOUVENIR**.

A PRIZE FOR EVERYBODY.

Don't be discouraged if you are not one of the 100 to get the story book. You will receive a **MAJESTIC PUZZLE CARD** that will afford you many hours of amusement.

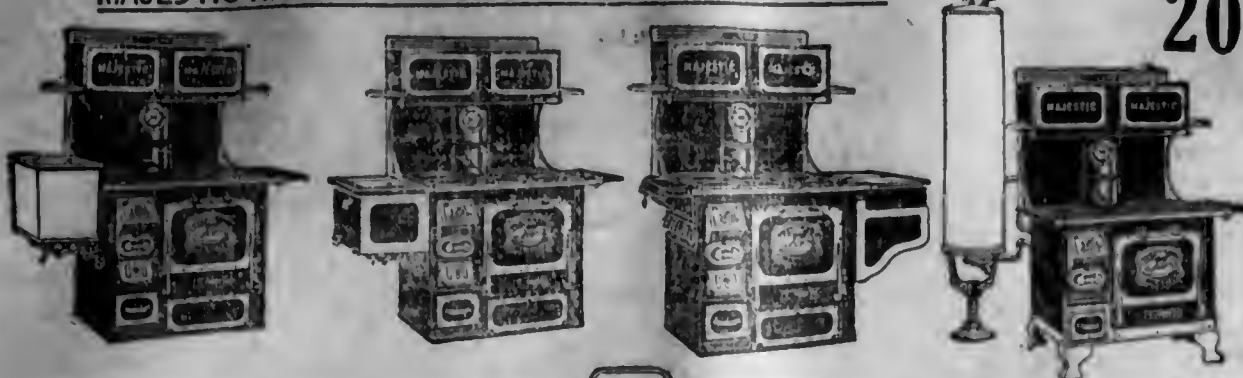

Be sure to have your answers ready to hand in at our store **TUESDAY** afternoon, between three and five. They must be **WRITTEN** if you wish to receive a souvenir or prize.

SPECIAL All during this week a special demonstration direct from the **MAJESTIC FACTORY** will be glad to show you "**ALL ABOUT RANGES**"—show you why the **MAJESTIC** is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT.

EDUCATION lies in **KNOWING THINGS**—**KNOW** why the oven of a range is heated—**WHY** the **MAJESTIC** uses so little fuel—**KNOW** how a range is made inside and outside. This education may serve you in the future. **DON'T OVERLOOK** a chance to **KNOW THINGS** shown by one who knows. **COME.**

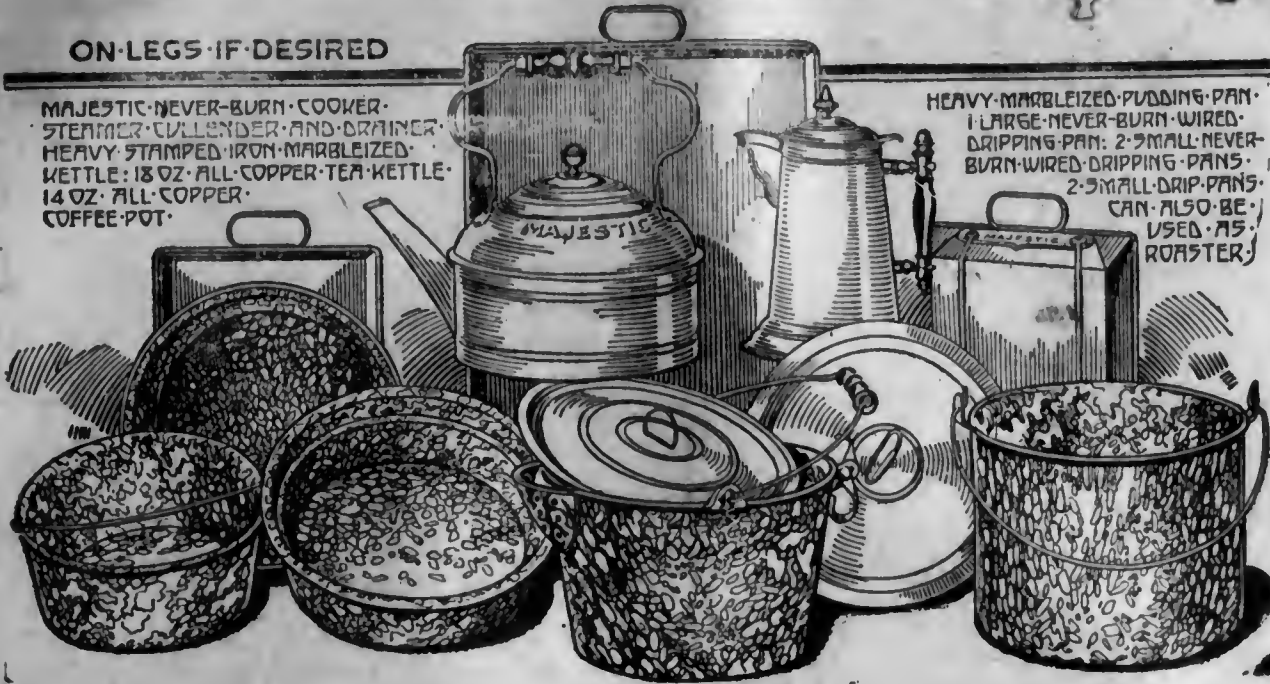

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON LEGS IF DESIRED

MAJESTIC NEVER-BURN COOKER-
STEMMER-COLLENDER-AND-DRAINER
HEAVY STAMPED IRON-MARBLEIZED
KETTLE-13 OZ. ALL-COPPER-TEA-KETTLE-
14 OZ. ALL-COPPER-
COFFEE-POT

HEAVY-MARBLEIZED-PUDGING-PAN-
LARGE-NEVER-BURN-WIRED-
DIPPING-PAN-2-MALL-NEVER-
BURN-WIRED-DIPPING-PANS-
2-MALL-DIPPING-PANS-
CAN-ALSO-BE-
USED-AS-
ROASTER

As a special inducement during our demonstration this week only, with every **MAJESTIC RANGE** sold (prices always the same), we will give free, one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. **DON'T FAIL TO SEE IT.**

Do you intend to continue laboring, burning valuable fuel and destroying high priced food with that old worn-out cook stove?

You **KNOW** that old stove eats up a lot of fuel each year.

You **KNOW** you have trouble in getting it to bake just right, in fact, spoils a batch of bread every once in a while—you know it cost considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic MALLEABLE AND CHARCOAL IRON Range

You make no mistake in buying the **GREAT MAJESTIC**—it's the range with **THE REPUTATION**—ask your neighbors. Then, too, it's made just right and of the right kind of material—**MALLEABLE AND CHARCOAL IRON**—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the **MAJESTIC** uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "sight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the **GREAT MAJESTIC**—have its many exclusive features explained—find out why the **MAJESTIC** is 300 per cent. stronger than other ranges where most ranges are weakest.

Don't Overlook the Date. This is a Special Invitation to You, Your Friends and Neighbors.

FORBES MANUFACTURING CO.

INCORPORATED.

FINAL CLASH WITH RIVALS

High School Will Play Clarksville This Afternoon at 2:30.

The Hopkinsville High School and Clarksville High School will meet this afternoon at Mercer park at

2:30 sharp. This will probably be the last game of the season to be played on the local field. Both teams are in splendid condition and have had a hard week's practice in preparation for the game. For the past three years High School has been victorious over Clarksville, and the High School team is determined to maintain this good record.

The High School's open field work has been improving in every game and has added to Hopkinsville offensive power.

The Clarksville team will be accompanied by quite a number of students and it will be no easy matter for Hoptown to furnish as large a delegation as Clarksville will bring. Clarksville has as yet not announced her lineup, but High will probably lineup as follows: Torian, center; Wood and Harris, guards; Hill and Fentress, Moseley and Hanbery, ends; Brown, full; Laekey and Oldham, halves; Roberts, quarter.

Our team will be greatly benefited by the return of Capt. "Light" Roberts to his old place at quarter. He has been in the game very little this season on account of injuries received in the early part of the season. His great head work and the fact that he was the one to win for High from Clarksville two years ago by a 90 yard run, will add greatly.

A group of German chemists plan to have a manufactured milk sent to the city.

First Christian Church.

J. Newton Jessup, Pastor.
Bible School 9:30 a. m., Geo. W. Crenshaw, Superintendent.
Christian Endeavor 6 p. m.
The pastor will preach in the morning on "Business in religion." In the evening on "In Christ." Evening service will begin at seven o'clock. A missionary rally will be held in the church Nov. 23 and 24. National and state officers of the Christian Woman's Board of Mission will participate in the program.

Methodist Church.

Rev. Lewis Powell, D. D., Pastor.
Sunday school at 9:30 a. m., J. H. Cate, Superintendent.
Dr. Powell preach at 10:45 a. m.; Sunday on "Where To Expect a Revival of Religion," and at 7 p. m., on "A Marvelous Escape From the Water."
Epworth League at 6 p. m.
Strangers and visitors especially invited and everybody welcome.

Honest Methods With Honest Merchandise

Since this business was established there has been one object in mind---THE CUSTOMER. He must be PLEASED if he is going to COME BACK, and his COMING BACK has BUILT OUR BUSINESS. Giving a man HONEST merchandise and STANDING BEHIND IT is the KEY TO OUR SUCCESS.

Sometimes it is hard to please everybody. But if some one must suffer we want to be that some one. We try to select our entire stock, including Clothcraft Suits and Overcoats, with the idea of Service to our Customers and the wisdom of our policy is evidenced by the increasing amount of trade we enjoy on all lines of merchandise we handle. We are especially strong this season on **BOY'S SUITS**, and for three days we are going to offer

Double Premium Store Tickets on all Boy's and Men's Suits Sold Saturday, Monday and Tuesday, Nov. 13th, 15th and 16th.

OUR STORE IS RUNNING OVER WITH HANDSOME FALL GOODS, AWAITING YOUR INSPECTION.

UNITED STATES' VAST WEALTH

While Europe is Moving Backward
This Country is Advancing Toward
Still Greater Opulence.

English economists have declared that America's wealth grows five billion dollars a year. Since the official estimate of our national wealth three years ago exceeds \$187,000,000,000, the total today must now have passed beyond the two hundred billion point. These figures are colossal beyond compare. They mean \$2,000 of wealth for every inhabitant. They represent more than double the wealth of the United Kingdom, our closest competitor, and they very nearly match the combined wealth of England, France and Germany.

Our wealth is ten times that of Italy, eight times that of Austria and four times that of France. These leading European countries are now tearing at one another's vitals and destroying property much faster than they can create it. Hence all Europe is today actually moving backward while the United States is sweeping swiftly forward to a state of still greater opulence. Ours is the land of plenty; of peace and of opportunity. These three factors are aiding powerfully in persuading the individual investors of Europe to fold fast their American securities, since here is the spot where their capital will be freest of perils and most of winning a large reward.—Philadelphia Ledger.

RURAL UPLIFTER

Dobbs—What became of your packages of seeds?
Wobbs—I set a hen on 'em to hatch 'em.

WARDING OFF THE JINX.

"You are not superstitious, are you?"
"Not at all."
"You wouldn't be afraid to walk under a ladder?"
"Certainly not."
"Or start anything on Friday?"
"No."
"You wouldn't attach any particular significance to it if a black cat suddenly crossed your path?"
"None whatever."
"How about sleeping in a room numbered thirteen?"
"I've done it."
"Ha! I've caught you. I saw you knock on wood when you told me just now that you had decided to go on a fishing trip next week."
"Huh! I had to do that. My wife passed through the room and overheard me."

THREW HIMSELF AWAY.

"When I refused Tom he swore he would do something desperate."
"Of course he did not?"
"Oh, yes, he did. He went right straight and proposed to that hateful Molly Gadders."
"Why, what was so desperate about that?"
"He might have known she would accept him."

NO SCRUPLES WHATEVER.

"You said you could swing 150 lbs to our candidate," said the foreign manager.
"I thought I could," answered the boss, glancing at the dirty buffers held out for a dollar apiece more than I promised to pay. "That's honesty for you!"

HER HOLIDAY.

"Sweeping the house, eh? Well, you are a good and helpful husband."
"Yes; my wife gets one day off each week to do the washing."

STRANGE COMBINATION.

"That captain is careful, is he not?"
"Very, and yet he has a wreckless record."

Remember, these offers are limited and may be withdrawn at any time. Better send your order NOW.

Call at this office or address

Hopkinsville Kentuckian, Hopkinsville, Kentucky.

Sensitive Measurement.

Minute bendings of a steel bar three feet long and three and one-half feet in diameter are accurately measured by a curious but very sensitive device of the United States bureau of standards. The bar, supported at each end, has a small mirror fixed at its center and above this is a frame holding another mirror partially silvered. As the light of a sodium burner is reflected in each mirror the lower mirror shows a series of black and yellow concentric rings. A very small weight, even that of a pin, deflects the bar and causes the circles to expand outward. Each circle indicates a movement of one hundred-thousandth of an inch, the pressure of a finger, forming five or more new circles, showing a bending of one twenty-thousandth of an inch.

Daily Thought.

Life never seems so clear and easy as when the heart is beating faster at the sight of some generous, self-risking deed.—George Eliot

Label the Boxes.

Every household has large boxes at least for hats, sometimes for furs and waists and other articles of dress, and many small boxes for other belongings. In the hunt for something almost forgotten the housekeeper often squanders precious moments in searching through every likely depository and probably comes upon the object of her quest in the last box of the selected group. All this waste of time and energy can be saved by the use of labels which record the contents of each box. Some recently noted captions of this kind were: "Blue Velvet Hat," "J. B.'s Panama Hat," "Small Tacks and Nails," "Empty Bottles," "Corks."

New Cause for Worry.

An Indiana man claims to have invented a photographic machine that will take an object at a distance of two miles, on a dark night. There will be no escaping the snapshot fiend armed with that frightful camera.—Providence Journal.

Good News for the Wife.

A local preacher who was in the habit of taking his wife with him to his preaching appointments, said on arrival at the chapel: "My dear, you go in there; you will be all right. I must go round to the vestry."
In the vestibule the wife was met by a kind-hearted steward, who, after giving her a hearty welcome and a hymn book, conducted her to a comfortable seat. At the close of the services the same kind-hearted steward gave her a hearty shake of the hand, adding how pleased he would be to see her at the services each Sunday. Then, whispering, he said: "But let me tell you, we don't get a duffer like this in the pulpit every Sunday."—New York Journal.

Potted Plants.

When potting plants, put a piece of coarse muslin over the hole in the pot before putting in the bits of stone and sod, which keeps the drainage good. The muslin prevents the earth from washing away.

Torsion-Testing Machine.

One of the interesting exhibits at the San Francisco exposition is a machine for testing the twisting strength of steel, which records automatically the torsion curve of the piece of metal under test. Heretofore this measurement has been calculated, with more or less accuracy, by the person making the test. It has a capacity of 230,000 inch-pounds, and will test specimens ranging from one-eighth of an inch to two and a half inches in diameter, and of any length up to eight feet.

Will pay highest market price for ear corn. Want 50,000 bushels.

Mold on Books.

During continued damp weather books often become musty and even moldy. This can be prevented by placing a few drops of oil of lavender and Canada balsam in the back corner of each bookshelf.

SUBURBAN BARGAINS

We now offer for sale two small suburban homes very cheap.

No. 1 is located just outside of City and contains about 2 acres land, good improvements 100 fine fruit trees, berries and grapes. Our price on this one \$2,000. Easy terms.

No. 2 is 2½ acres, 2 small houses and barn, good cistern and well, some nice fruit, located about 2 miles out on good pike. If taken soon \$600 gets it.

Home Investment Agency
CHAS. F. SHELTON, Mgr.

Not an Experiment.

Painting, K. —Mr. Mary Freeman, of this place, writes: "Before I commenced to take Cardui, I suffered so much from womanly trouble. I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years it has been found to relieve headache, backache, and similar womanly troubles. Composed of gentle-acting, herb, ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles today.

Advertisement.

IT ISN'T YOUR TOWN—IT'S YOU.

If you want to live in the kind of a town

Like the kind of a town you like.

You needn't slip your clothes in a grip

And start on a long, long hike.

You'll only find what you left behind.

For there's nothing really new.

It's a knock at yourself when you knock your town

It isn't your town—it's you!

Real towns are not made by men afraid

Let somebody else get ahead.

When everyone works and nobody shirks

You can raise a town from the dead.

And you can make your personal stake.

Your neighbor can make one too.

Your town will be what you want to see.

It isn't your town—it's you.

—Evansville Courier.

Would Mean Much to Country.

The best authorities agree that the total of the crops raised from seed in the United States might be doubled by improved methods of farming. To do this would add \$4,000,000,000 to the nation's wealth and the resources of its farm population.

AT THE CHURCHES.

Strangers in the city and the public are cordially invited to all services at the following churches:

Cumberland Presbyterian Church—J. B. Eshman, Pastor. Sunday School at 9:30. Preaching at 11 a. m. Christian Endeavor 6:30. Preaching at 7:30 p. m.

Second Baptist Church—Rev. W. R. Goodman, Pastor. Sunday School—9:30 a. m. Preaching—11 a. m. Preaching—7:30 p. m. Prayer meeting every Wednesday night—7:30 p. m.

Westminster Presbyterian Church Sunday School—9:30 a. m. Men's Bible Class—10:00 a. m. Morning Service—11:45 a. m. Evening Service—7:30 p. m.

First Presbyterian Church—Elmer Gabbard, Pastor. Sunday School—9:30 a. m. Morning Service—11:00 a. m. Evening Service—7:30 p. m. Christian Endeavor—7:00 p. m. Weekly Prayer Meeting—Wednesday—7:30 p. m.

Grace Church—Rev. Geo. C. Abbott, Rector. Morning prayer and sermon at 10:45. Sunday School at 9:30 a. m.

Backward-Looking.

Backward-looking when carried to an extreme becomes a vice, as does anything else in excess. But everyone should be a backward looker in moderation, as the past may teach us something, for it is experience; the future can teach us nothing, for it is hope.—Baltimore Sun.

Ink Stains.

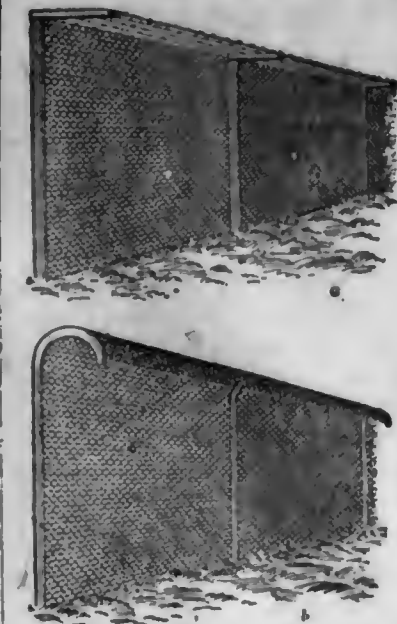

To remove ink stains from cloth or other absorbent substance, dissolve four ounces of citric acid in two quarts of water that has been previously boiled and cooled. Then add six or eight ounces of a strong, strained solution of borax.

Most of the tea raised in Burma is picked and eaten as a condiment.

FENCES MADE VERMIN PROOF

Birds Require Protection From Various Natural Foes as Well as From Human Persecution.

Protection is the prime requisite for increasing the number of birds in any area, and the results of protection are in direct proportion to the amount given. Besides insuring birds against every form of persecution by human kind, we must defend them from various natural foes. The most effectual

Vermin Proof Fence—A, With Barbed Wires—B, With Loose Overhanging Netting.

single step is to surround the proposed bird sanctuary with a vermin-proof fence. Such a fence should prevent entrance either by digging or by climbing, but will serve its greatest use if it cannot be climbed, and is therefore cat-proof. It is impracticable to build an impenetrable fence, the next best device is to put guards of sheet metal on all nesting trees and on poles supporting bird houses. This should be done in any case where squirrels or snakes are likely to intrude, as it is usually impracticable to fence out these animals. Tree guards should be six feet or more above ground. Attacks by hawks, owls, crows, jays, or other enemies are best controlled by eliminating the destructive individuals.

WE HAVE THEM NOW—As we have just received our large importation of Holland grown bulbs of all kinds.—METCALFE THE FLORIST. Advertisement.

No. 56 carries through sleepers to Atlanta, Macon, Jacksonville, St. Augustine and Tampa, Fla. Also Pullman sleepers to New Orleans. Connects at Guthrie for points East and West. No. 56 does not carry local passengers; for points north Nashville, Tenn.

J. C. HOGE, Agt.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydic E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail, The Paxton Toilet Co., Boston, Mass.

Friendship.

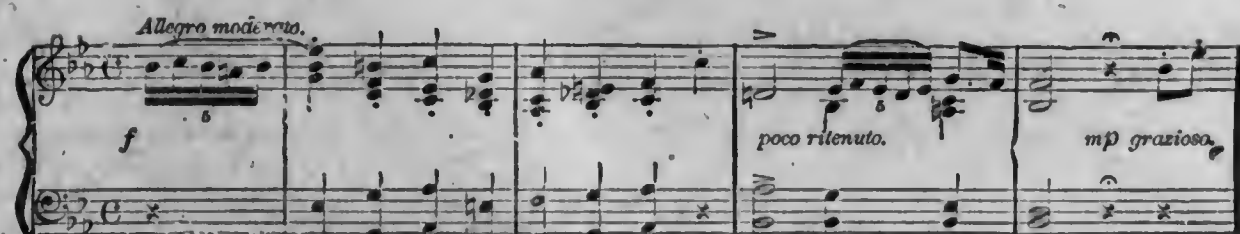

There is no half-way house on the road of Friendship; if you don't go the whole distance you have started falsely.

\$5.75 Ladies' French and Storm Serge Dresses—an ideal dress for house and street wear. Navy, Green and Black; can fit any size from 16 to 50.

Kansas Cyclone Kills 8.

Kansas City, Nov. 12.—The number of dead in the wind storm which swept over central Kansas Wednesday night, wrecking hundreds of homes in its course through several towns, remains at eight. Although

the damage was greatest in Great Bend, estimated at \$500,000, and where a path three blocks wide was cut by the tornado, reports show that Ziba, Kan., a town of 200, was the most thoroughly wrecked of the towns in the storm's course.

Farm Campaign.

A campaign to place agricultural agent in every county in West Kentucky has been started, with a view of increasing the agricultural products in this section. Already Caldwell county is considering the matter of hiring an experienced scientific manager for her crops and other counties are to follow suit. McCracken already has a county agent, together with a branch state experimental agricultural farm. Christian was one of the first counties to employ a county agent.

Cistern of Cider.

Albert Dougan, of Princeton, Ind., stored 185 barrels of cider in an empty cistern.

RUPTURE EXPERT HERE

Seeley, Patronized by U. S. Army and Navy, Called to Hopkinsville.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will be at the Latham Hotel and will remain this coming Wednesday only, Nov. 17th. Mr. Seeley says: "The Spermatic Shield as now used and approved by the United States Government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge, or many interested cases will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section.—Advertisement.

Manitons Plant Burned.

Fire Wednesday completely destroyed the No. 4 machine shop of the Bethlehem, Pa., steel company. Only the skeleton of the big building is standing. Machinery and war material in the building was said to be worth millions. The fire damage was estimated at from \$1,000,000 to \$4,000,000. The company issued a statement that the fire was due to a crossed electric light wire circuit which ignited oil in the boring mill.

DR. BEAZLEY Specialist

(Eye, Ear, Nose and Throat.)

482 On Board, 212 Lost.

The Italian liner Ancona has been sunk by a large submarine flying the Austrian colors. She carried 422 passengers and sixty in the crew. Two-hundred and seventy survivors, some of them wounded, have been landed at Bizerta.

GALLAHER WILL BUY

Irish Firm Will Open For Tobacco Business Early In December.

Henderson, Ky., Nov. 12.—Gallaher, Limited, the largest buyer of dark tobacco in this section, except the Imperial Tobacco Company, will open in this city for business early in December. This statement was made yesterday by William Michaels, general manager of the firm, who returned from Belfast, Ireland, last Sunday.

The Imperial Tobacco Company has been petitioned by growers and business men to purchase here this season, but nothing has been given out relative to its intentions. For two years the Imperial Company has not been in the market here owing to a prosecution for combining to control the price of tobacco in this section.

The crop this year is slightly below normal in production and quality. The John Hodge Company has purchased two loads at an average of six cents.

PURELY PERSONAL.

Mrs. Will Kimmons and little daughter, Katherine, went to St. Louis Thursday to remain for several weeks with Mr. Kimmons.

Rev. C. M. Thompson is in Louisville on business.

J. Feland Clark is slated to take his old position of deputy circuit court clerk when his uncle, C. R. Clark, takes charge of the office Jan. 3. He will bring to the office an experience of six years and a reputation for courtesy and attention that made him a most popular officer.

Notice To Creditors.

All persons holding claims against the estate of J. L. Goodnight, deceased, are hereby notified to file same properly proven before me, on or before Dec. 1st, 1915, or same will be thereafter barred, as provided by law.

MRS. EDNA W. GOODNIGHT, Ex'r.
John C. Duffy, Atty.

We have lots of necessary things for the Stable and Barn

When we bought our Hardware we "combed" the market and found many things no other Hardware store in this city carries. This "brushed" aside all competition.

When you "fork" over your good money to us we give you Hardware that will stand hard wear.

We like to have the "light" turned on our business methods. Those who see and price our goods buy them.

Be sure and ask for the Pony Votes, for the kids. They are working hard now.
